1. Send your mare's information to us at cosmeostallion@gmail.com for approval. Include a conformation photo, sire x damsire, age, birth registry & any approvals. Please also include a description of any show record & previous offspring information. Once approved, we will forward you a per dose breeding contract.
2. Complete breeding contract & send payment. Sign & remit your contract via email. We will send you an invoice via email. No semen will be shipped until payment is received in full, non-negotiable.
3. Request collection. Keystone Farms collects on a Monday/Wednesday/Friday schedule, but with notice can we try to make semen available 7 days a week if our schedule allows. Please make your request for collection directly to Amanda by 7pm EST the day BEFORE collection/shipment is needed. Requests must be sent via email or text to Amanda (cosmeostallion@gmail.com, 905-429-0494). Semen can be picked up at the farm or shipped overnight via Fed-Ex. If you have an existing fed-ex account, you can provide us with your account number to be billed directly for shipping costs. Please remember that semen will arrive the day AFTER it is shipped and same day shipping(counter to counter) is not an option. Requests for semen will be honored in the order received in the event that there are more requests for a particular day than Cosmeo can "service."
4. Please keep holidays in mind when planning your inseminations as Fed-Ex will be closed. Semen requested on holidays may not be able to be shipped, or risks delays. These dates are noted in your contract. Semen needs to be picked up at the farm on these days.
5. Once your mare has been inseminated, you must ship the Equitainer that the semen came in back to Keystone Farms via Fedex within 7 days. Please close the container with the zip tie provided. Please provide the tracking number to us. We recommend insuring the shipper for \$500 CND. Please make sure all coolant cans and semen container are included.
6. Report birth of foal. Tell us all about your new Cosmeo foal! Send photos, especially ones we can share on social media!
7. Register your foal. Please register your foal before its first birthday. We cannot stress this enough. If you need assistance or guidance, we're happy to help.
